Position Title: Associate Professor

Req # 02362

The Department of Statistics at the University of Chicago invites applications from exceptionally qualified candidates for faculty positions at the rank of Associate Professor. As part of a University of Chicago initiative, we seek individuals with a doctoral degree in statistics, applied mathematics, or related disciplines who are several years beyond the Ph.D. and doing advanced research on the interface between computational neuroscience, statistics and applied mathematics. It is expected that all successful applicants will be recognized leaders in their field and engage in interdisciplinary collaboration.

Appointments may be made jointly with another department in the University's Biological Science Division. A demonstrated research excellence appropriate to the rank is essential. Applicants will also be responsible for conducting graduate and undergraduate courses in statistics and applied mathematics and the academic advising of graduate students as requested.

Applicants must apply online at the University of Chicago's Academic Jobs website, http://tinyurl.com/odfz7wd, and must upload a cover letter and curriculum vitae including a list of publications. You may also upload research and teaching statements as well as up to three relevant research publications, but they are not required. Review of applications will begin December 1, 2014 and will continue until all available positions are filled.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, age, protected veteran status or status as an individual with disability.

The University of Chicago is an Affirmative Action / Equal Opportunity / Disabled / Veterans Employer.
